When I go to Publish and Email Catalog, I get an error stating "Sorry, there was an error uploading your unpublished catalog..". All the output that gets saved to the directory my project is in (from save the position) and the. Apr 8, 2018 I noticed that in the 'Save As...' for the.Inventor filetype, the Save As type (Import) is set to create a new Civil 3D file, and does not contain any of the customizations that I have made to the file. If I have anything in the file that is specific to my project, and I am not able to save my changes, what should I be doing? Apr 8, 2018 Thank you for your reply. The.ldw file that gets created is exactly like the.dwg file that I have opened and edited. I can "Export as.dwg" and then open the file, and all my changes are there. This leads me to believe that there is some sort of memory left over from the previous project that is keeping the data from saving my edits, but I am not sure where to go next. Mar 30, 2017 Thank you for your reply. I have this exact issue where the changes I made to the file are not written to the.ldw file, but that.dwg file gets written correctly. I have tried cleaning the solution and reopening the file in a new worksheet, but the issue still persists. Apr 6, 2017 Thanks again, and sorry for the delay in replying. I have solved my issue by accident. My.ldw file is
