instacode 2008 But still, I have a few questions for connoisseurs and those who use. 1) Do you think it is possible to calculate server performance by instacks? 2) Is it possible to build something like "Process Performance" graphs with their help? 3) Can they check the speed of access to disks and disks on parallel access? 4) And in general, who uses how? Thanks.
Z.Y. I don't want to use them to solve my problems. I'm just interested Re: instacode 2008
