Category:Microsoft Office Category:Office suites for macOSApple says it now has more than 100 million iOS devices activated, with roughly 38 percent of all active phones now on iPhone. There are certainly more iPhones in the world, but as device activations get older iPhones in the store, it may be more accurate to think of Apple as being even close to selling that many iPhones to users. Though iOS device sales growth has slowed a bit in recent quarters, the doubling of unit sales is positive, and Apple appears to be on track to sell more than 300 million smartphones in 2018. That's up from 185.9 million at the end of 2017, 130.9 million in 2016 and just 37.2 million in 2015, according to Sensor Tower and data from our internal analysis tool. Mac sales of the MacBook and MacBook Pro have been the main factor in increasing average revenue per customer (ARPU) since the beginning of 2017, as iPhone sales growth slowed and users moved to iPads, which had a higher price point. Because of this, ARPU fell in Q1 for the first time in five years. The iPad has been a constant revenue generator for Apple, which makes it unlikely we will see ARPU slip too far ahead of iPhone sales growth. Overall, the company recorded \$42.4 billion in 2018 revenue with iPhone sales accounting for \$23.3 billion of that.Q: Is there any "unofficial" source of Windows 8 / Server 2012 download I keep seeing virus warnings for any.iso files that are configured with the 64 bit option enabled. (wiping machines for re-installers, etc.) If someone could provide a legitimate URL for the 64 bit ISO for the Windows Server 2012 or Windows 8, that would be nice to have for some time to come. A: The official downloads are right here: 1. Field of the Invention The invention relates to coring or core bit and bit assemblies. 2. Description of Related Art Conventionally, coring bits, bit assemblies and cutting elements are utilized in connection with coring operations for the taking of core samples from the earth formation during the drilling of a well. Such coring bits or bit assemblies are connected to an elongated coring bit body having a shank for connection to the drill string and a coring head at the
