BioShock 2 game description BioShock 2 is a 2007 first-person shooter developed by Irrational Games, published by 2K Games, and developed with the aid of The Chinese Room and Introversion Software. The game centers around the character of Jack d' Evermore, who, after the events of the first BioShock game, is plucked out of the ocean and transported to a floating city called Rapture. Within Rapture, d' Evermore, accompanied by a mysterious amnesiac ally named Atlas, must protect him from Andrew Ryan, the fallen leader of the city. The events of BioShock 2 take place in an alternate universe from that of the first game. Rapture is no longer a gleaming utopia built atop an ocean, but a corruption-ridden city-state filled with poverty and crime. BioShock 2 introduces a new game mechanic, titled the "Columbine" Experiment, which is similar to radioactivity and allows the player to affect the setting in unnatural ways. This new mechanic also allows the player to increase the size of city walls, giving the player more strategic options in combat. It is set on a fictional island similar to Rapture, with Leonardo's famous Last Supper painting is a recurring theme in Rapture, and is located in the Bay of the Dead. Rapture is depicted to be built on pillars made from the twisted skeleton of the deceased, while the back-stories of Rapture's founding and 55cdc1ed1c
