===== "Help him. Please. Think_ is an unconventional RPG with a rhythm-based combat system." - Daniel Ortiz Q: What is it? A: It's a rhythm-based rpg. Q: No way. I hate rhythm games. A: Yeah, I'm not either, but it has a nice music called a beat. Q: That sounds terrible. A: Yeah, it's not really good. Q: Thank you for telling me that. I'm going to play something else now. A: This game isn't bad. Q: Do you like it? A: Yup. Q: Oh, my god, why? A: There's nothing else. Q: That's because you only say this. A: Yeah.. Q: No I'm not. A: You have to try harder. Q: My back hurts from all this effort... A: I can't say I'm sorry. Q: Please stop saying that. A: Well this is what happens when I sit in a room alone for hours on end. Q: You are so sensitive... A: I'm trying to be more positive, but it is really frustrating. Q: No. Stop that! A: No. This is the life of a negative person. Q: You're too negative. A: Fine. Q: You're right, I'm a real jerk. I'm sorry about it. A: There's not going to be a change in my luck. Q: Yes there will, you idiot. A: No. Q: I have no choice. A: Do what you want. Q: Fine. A: What are you doing? Q: I need to scratch my balls. A: I like that idea. Q: Yeah, I have a bad throat. A: What are you talking about? Q: A bad throat. You know, it's making me scratch my balls. A: You'd better change your mind, don't you think? Q: I'm so tired I don't know what to think. A: Ok. Q: I'm going for a walk. I'm always in the mood for a walk. A: Ok. Q: I'm going to play a song on my phone. I have a lot of songs. c9d1549cdd

This is not a statement that the National Investigative Agency (NIA) should be abolished. For one, the Centre has no role in running NIA. On the other hand, NIA is an autonomous body and is the only law enforcement agency in the country to probe cross-border terror. NIA, established in 2005, has been battling the nexus of ISI, Pakistan's intelligence agency, with its counterpart in India. As far as the Centre is concerned, this is not an appropriate time for even a scratch. We are at war. There are attempts to explode bombs on trains, planes and buses; the terrorists are responsible for the attack on Hyderabad, and have challenged India's security after Mumbai. Terrorism has become the top national security challenge. Moreover, I would not say NIA is nothing but a shallow myth. With the upswing in terrorist attacks, NIA has gained a reputation for targeting such activities which can threaten national security and public safety.The present invention relates to an improved apparatus for estimating dimensions of a target object. In known apparatus of this type the direction of travel of a vehicle on a road is sensed and based upon the sensed direction of travel of the vehicle a line of sight between a camera mounted on the vehicle and the target object is calculated. The target object may be located on a road or off the road and may have a varying orientation relative to the line of sight. For instance, in the case of an on-road vehicle which is making a left turn, the line of sight lies between the front of the vehicle and the target object and can be at an angle to the left with respect to the direction of travel of the vehicle. In the past, the line of sight was assumed as having a fixed position with respect to the

What's new:

Traps 'n' Gemstones was a popular music radio show on Citadel Media (later Bellmedia) radio station 92.7 The Game in Toronto, Ontario, Canada from 2005 to 2011. The show was hosted by Bomani and Lumazon in the morning, and Reda in the afternoon. The show allowed Bomani and Lumazon to showcase various new releases in the mornings, while Reda showcased various new releases in the afternoons. The morning show got its name from the "traps" in hip hop, and the term representing the show. History Traps N' Gemstones came about when Bomani, Lumazon, Reda and one other friend named Josh Bandler were completely inspired to create their own show after hearing a rave that Bomani attended. Bomani knew that he wanted to work in radio, but he did not know what type of show he would create. At the time, he was working for X96 FM at the time, though he worked with Jay Traxx at 103 Flash, and 92.1 Jamz. Chris Walters known as Artistimus Champ started by working as both a producer and in-studio host, who later worked with Bomani on Time Def. He is now host of Music Makin' Time Again, a show on Toronto radio station K104.8. Bomani and Walters' success in Toronto spawned Traps N' Gemstones, where a sense of wonder was blended with Bomani's experiences. Initially the morning show was produced out of one friend's basement with a mic stand and a computer. Bomani guest-hosted on there for about a month and a half and after that, he moved on to produce on another track to start. Bomani would do his guest appearances in the afternoons, when Reda was host. In fall of 2005, Traps N' Gemstones were introduced to The Game, where Reda's show would be a weekend exclusive, he would move to a daily show. There was a new morning show that would be introduced. Bomani and Lumazon began the show as hosts, with a simple-themed format. When they got the chance to host on The Game, they held it down and did not let it go, even though a few challenges came their way. Also, they realized how good they were together. In June 2007, they got the opportunity to host the morning show, and every day they are talking about that, since then. The afternoon show
