FIFA 22 introduces “HyperMotion Technology” to use motion capture data collected from a real-life football match. In FIFA 20, AI Challenges were introduced. These challenges give players unique ways to play the game and show off their attributes in a simulated mini-game, with the potential to unlock new packs. In addition to new challenges, FIFA 22’s seasonal challenges will be a new addition as well. “Exclusive to PlayStation4, we’re adding a deep gameplay experience to FIFA 22 with Seasonal Challenges that will take gamers on a new kind of journey,” said Adam Sessler, FIFA Lead Gameplay Producer at EA Canada. “No matter what league you are playing in, we will tailor challenges for you and push you to try something new and unexpected.” Seasonal challenges will be new to FIFA 22. FIFA 21 introduced attributes that changed the way we played the game, including new attributes such as Kick Power and Flair. This year, we have even more to look forward to, with attributes like Combinations, Destinations, and Penalties to further enhance FIFA gameplay. We’ve made improvements to attributes in various areas of the game as well, with more than 10 improvements made to the general gameplay of each attribute. We’re happy to share our plans for attributes and gameplay improvements, but we want to hear your input too. FIFA 21 introduced a number of attributes, including Ball Control, Combinations, Destinations, and Penalties. The Attribute Team and Gameplay Team have worked closely to implement Attribute and gameplay improvements for this year’s game. Here’s a closer look at what EA Sports has in store for players. Arriving in FIFA 22 is a slew of new and improved Attributes, including Ball Control, Combinations, Destinations, and Penalties.

Ball Control – A player’s ability to control the ball using quick dribbling, feints and shooting. As players become more adept at controlling the ball, their on-ball skills increase, requiring more skill to play.

Combinations – A player’s ability to combine with his teammates in a successful play. A combination

What's new in Fifa 22:

- **Introducing over 200 all-new real-world player attributes. Every player in the new generation of FIFA is meticulously accurate. New controls have been adapted to FIFA's in-house engine to make sure every touch is represented. Perfect your footwork and free kicks. Prepare for the challenge of how you use the ball and the opponents. Then, chase down every on-ball action with a new Focus Timing and Reaction system. Analysis of player movement over 2,500 games of EA SPORTS FIFA has resulted in player sizes, attributes, and animations being improved. For players who rely on maintaining elevation throughout the game, look out for Vantage 2.0, where you have greater control of the player's positioning.**
- **The FIFA Ball Control system has been improved. You now have greater control of ball direction, and your player has more control over the ball during shootouts. Tighten up your builds and attacks with the built-in Flick Dribble Off the Ball. A new inch-perfect system has been implemented, which mimics the exact behavior of the real-life skill of luring the defender with a dummy run. The power of momentum and weight transfer has been significantly**

-
- enhanced to help add variety to passing and shooting. Players will dart past opponents and effortlessly jump to realize impressive aerial moves. There are more opportunities to score easier goals and intercept crosses.
- **FIFA Team Skills have been updated. Fans new to FIFA will be amazed how smooth the Player Ratings and Defending system works. Theoretically, at the 99th minute, every player will be withdrawn, but the impact of this system can be seen in a variety of newly-developed scenarios and special circumstances. Make use of the new player build mode for custom teams that require tactics. (Advanced options such as line-up and formation *should* be accessed from BETA)**
 - **The Cover Flow Technology system is back. Whether you're working through contracts and updates, or just watching highlights, FIFA Ultimate Team will make a seamless transition when accessed through the Cover Flow cards.**
 - **Winner takes all. On every single game of FIFA, you will have to choose between Legends, Treble and Golden Team Moments. Vying for the top spots will ensure unparalleled entertainment as you fight for glory.**
 - **The new Championship competitions have a new trophy, as well as a redesigned Museum of Excellence.**
