Shopping for clothing, especially womens clothing and intimates has always been an exercise in trial and error. With limited choices and sometimes more perplexing sizing issues, finding clothing that fits properly can be nearly impossible. Further, many styles have evolved in such a fashion that they no longer fit basic women's clothing sizing. Often these styles are very popular, so are difficult to find. Another problem with trying to find the right style or fit is that many retailers such as department stores make clothing available in adult, teen or children's sizing, but not in basic women's sizes, which is the most popular size in the United States. Thus, finding clothing for those
