In a battle against a god, this Tarnished should have blundered and he lost his will to live. That weapon was an ancient legendary weapon, the Elden Ring. He had an Elden wish, to become an Elden Lord. Despite all this, the Tarnished still fought on. Using the power of the Elden Ring, he was able to become even stronger. He became an Elden lord. This is a story of how he made his way back to the light.

As he relentlessly walked through the world, the Tarnished gained unprecedented physical strength, breaking the power of a god. In a battle against the Elden Ring, his efforts were able to restore the power of a god. Even so, in the end, he was destroyed. By the god-like power
