Thesis Laying Customer Service Assignments.Q: Excel pivot row count I have a table (example) that looks like this (some of the data would be empty) SSN | Method | Status 123 1 1 23 2 1 234 1 2 234 2 2 234 3 2 Is there a way to count the number of unique SSNs and display it like this? SSN | Count 123 | 2 234 | 2 I have tried using pivot but I am only able to change the headers to SSN and Method. Can anyone please help? A: Use a formula like this one: =SUMPRODUCT(--(C2:C10"")) The invention pertains to the field of computer systems and, more particularly, to a mechanism for managing a loose coupling between a computer system. And a network system. Portable computer system users typically use a docking station to operate their computer system. The docking station typically has a very large mass. This prevents the user from easily carrying the computer system when he/she is away from his or her workstation. The carrying bag is generally not large enough to comfortably accommodate the entire computer system, which typically includes a large amount of hardware including displays, hard drives, power supplies, and other system in the carrying bag to the user "s workstation. However, carrying the computer system in the carrying bag and removing it from the carrying bag are difficult tasks. A carrying bag to carry and close the carrying bag to carry. The computer system generally requires a full-sized display to operate. The carrying bag therefore generally has a relatively large volume, so the user must c6a93da74d
