Anadrol will not be readily available as a new supplement, however, Anavar will be. Some are saying that the FDA will likely approve Anavar this year, and from that perspective it's a good thing that Bulking Roids will not be readily available as a new supplement. The main advantage of Anavar is that it has a lower androgenic action. It is less likely to cause man-boobs. It is less likely to cause depression and drowsiness. It also has a longer period of action. Anavar is not approved for use in children, however. Anavar will be readily available in the near future, and there will be plenty c6a93da74d
